Gulf Reservoir Modelling Technology

Training Calendar 2024

About us

Gulf Reservoir Modelling Technology (ResModTec), launched in 2002, is an international, full service upstream and downstream petroleum consulting, training and recruitment firm, based in Abu Dhabi with six branches / training centers in Istanbul, Erbil, Basra, Manchester, Cairo and Kuala Lumpur.

In addition we have trained more than 17,000 engineers, geoscientists, operators and technicians working for 91 companies. Our philosophy in training is to create a competent national petroleum professional workforce worldwide.

What We Offer

- World Class Accredited and Certified Training ✓
- Geological Field trips ✓
- Competency Assessment for your staff ✓
- Consulting ✓
- Recruitment ✓
